

IAU Commission B1
Computational Astrophysics

★ ★ News Letter No.7 ★ ★

Oct 16, 2020

Dear IAU CB1 members,

Given a positive feedback to our survey on the possibility to organize an online meeting devoted to Computational Astrophysics, we are now happy to announce that the meeting will be held on November 18-21, 2020, on the Zoom platform. Its title is “Challenges and Innovations in Computational Astrophysics – II (ChalCA - II)” to mark it as a follow up to the meeting held in 2019 in Saint Petersburg. You can find all the necessary information on important dates, abstract submission, talk presentation etc. on the conference web-site at

<https://cb1-chaica2020.astro.unistra.fr/Welcome.html>

The registration is now open!

Please, address all the questions regarding the conference to the contact e-mail address, provided on the web-site.

We are looking forward to seeing you at ChalCA – II, and do not forget that the IAU Symposium 362 is not cancelled but just postponed till June 2021!

Yours sincerely,

Members of the IAU Commission B1 Organizing Committee
