

## Commission B3 Report Sep 2021 - Feb 2022

The commission has several new members and the first meeting of the updated commission was held in Sep 2021. That was followed by two more meetings.

It was decided that a monthly seminar series will be started in collaboration with IAA. So far a few talks have already taken place, and speakers have been lined up for the next few months. The response from IAU members has been very good. Owing to the fact that IAU members belong to various time zones, the talks are recorded and made available. Details can be found here: <https://sites.google.com/view/iau-iaa-seminar>.

It was also decided to start a regular newsletter with links to opportunities, conferences etc. as well as niche pedagogical articles. A structure for the newsletter is being designed and should start in the near future.

The commission is supporting Symposium 368 at the GA and helping with its organization.

Current commission members are:

Ashish Mahabal (President), Stefano Andreon (Vice President), Didier Fraix-Burnet (Secretary), Tanuka Chattopadhyay, Alberto Krone-Martins, Francesca Panessa, Petr Skoda, Ricardo Vilalta,
