About us

What will we do ...

Import from newsletter

How to be different from other portals (e.g. IAA)?

More astronomy - because it is IAU?

Links to advances

Basics about A and A (how that is not magic - in outreach)

Seminars

Links to other organizations

Social network groups (that are active)

Ask an astronomer/astrostatician?

No reward for answering (introduce gamification and reward like stackexchange)

Q related to maintaining - direct to social network groups?

quora/linkedin/facebook

Involve more B3 members to take ownership

Gist of answers from social network questions

List of interesting datasets

Matching data and methods/tools

Newsletter (frequency)

New job opportunities

New conferences

Short articles

Secretary (Didier)

Other pedagogic/educational activities

Tutorials

List of topics - get contributors from B3 ++

Short summaries of splinter sessions

Outreach/Synergistic activities with other organizations

Some Details from those organizations, ***please add link or contact point***

AAS (A. Mahabal)

Jobs:

Between stats and CS?

CV list? Difficult to maintain - someone could do it outside and we provide a link

IAU members

Who pays for astrostatisticians? Neither department
