

Annual report from IAU commission X1 - Cross-Division D-J Commission Supermassive Black Holes, Feedback and Galaxy Evolution.

A major achievement for the past year was the publication of the Proceedings of the IAU Symposium 359 "Galaxy Evolution and Feedback across Different Environments." This nearly 500 page book contains 177 papers. It was edited by Thairsa Storchi-Bergman, William Forman, Roderik Overzier and Rogerio Riffel and is dedicated to the memory of Joao Evangelista Steiner. Jones also serves on the steering committees of Division D High Energy Phenomenon and Fundamental Physics and on the Steering Committee of Division 5 Galaxies and Cosmology as well as on the Organizing Committee of the Cross-Division D-J Commission Supermassive Black Holes, Feedback and Galaxy Evolution. In the past year Jones participated in the selection of focus meetings and Symposia to be held during the 2024 General Assembly in South Africa as well as in the selection of non-General Assembly IAU Symposia. Jones also participated in the selection of IAU prizes for PhD students.
