

Dear IAU Division E colleagues,

I hope you are all doing well.

Several reminders on IAU deadlines and announcements follow

1) Dec. 15 2023 - Deadline to apply for individual and junior membership

The information about how to apply is in the following link:

<https://www.iau.org/news/announcements/detail/ann23033/>

Please, advertise this call among colleagues who are not IAU members (individual membership) or are recent postdocs (junior membership). Applicants should contact their National Committee for Astronomy (NCA) President in their country of adherence.

2) Dec. 15 2023 - Deadline for PhD Prize Application Submission.

Each IAU Division has, once a year, the opportunity to award its own prize to a candidate it feels has carried out the most remarkable work in the previous year (i.e. a PhD Thesis which has been defended between the 16 December in the previous year, and 15 December this year).

The application form is available here:

<https://www.iau.org/submissions/phd-prize/>

The conditions and details for the application are available on the IAU webpage here:

https://www.iau.org/science/grants_prizes/phd_prize/.

Please, find more information here:

<https://iau.org/news/announcements/detail/ann23036/>

3) Abstract and grant submissions open for IAU General Assembly 2024 in Africa

Applications for Abstracts and Grants for the 32nd International Astronomical Union General Assembly 2024 (IAU GA 2024) are now

open. This event is scheduled to take place from August 6 to 15, 2024, in Cape Town, South Africa, and online.

You can submit your Abstract and apply for a Grant here:

<https://astronomy2024.org/abstracts-grants/>

Abstract and Grant applications for both in-person and virtual participants are accepted until 1 March 2024 (together with the early-bird registration).

The IAU GA 2024 will feature an array of scientific sessions, symposia, and meetings across various astronomical disciplines. A full list is available on the website: <https://astronomy2024.org/programme/>

4) IAU General Assembly 2024

Some symposia and focus meetings of which Division E is coordinating division include the following
(https://www.iauga2022.org/program/program_03.asp?sMenu=abo3?sMenu=abo9)

- IAUS 390: A Multi-Point view of the Sun: Advances in Solar Observations and in Space Weather Understanding

<https://sites.google.com/unifi.it/iaus-390/home-page>

- FM 8: Advances and Challenges in Understanding the Solar and Stellar Dynamos

https://sun.njit.edu/IAU_FM8/

In addition to these, we will have the "Division Days" highlighting the science of Division E (organized by Div. E). Please, check regularly this link:

<https://astronomy2024.org/division-e-sun-and-heliosphere/>

Please, advertise these events among colleagues who are not IAU members (individual membership) or are recent postdocs (junior membership).

5) Out of GA symposium

•IAUS 388: Solar and Stellar Coronal Mass Ejections

Please, check:

<https://iausymposium.zyrosite.com/>

Do not hesitate to contact me with any questions or comments on Division E activities.

Cristina H. Mandrini
